Objective

To secure a challenging position in a reputable organization where I can apply my skills and knowledge, while contributing to the company's success and continuing to develop professionally.

Work Experience

Afrosoft Holdings   08/2023 - 08/2024
Software Developer intern

• Collaborated with senior developers on the design and implementation of Spring Boot microservices for large-scale enterprise applications.
• Developed and optimized RESTful APIs for data integration between multiple databases, improving efficiency in querying and mapping data.
• Worked with Java 17, Spring Boot 3, and Oracle databases to build scalable back-end systems.
• Participated in code reviews and used version control systems like Git to ensure code quality and maintain smooth collaboration across teams.
• Gained hands-on experience with database management, system integration, and project management in an Agile environment.

Education

Bachelor of Science in Software Engineering   09/2021 - 07/2025
University of Zimbabwe

Advanced Level   02/2019 - 11/2020
St Faiths High School

4 A levels: Mathematics A , Computer science A, Physics D, Statistics C

Ordinary-Level   01/2015 - 11/2018
St Faiths High School

14 O Levels: Mathematics(A); Physics(A); chemistry(A); Computer Science(A); English Language(B); Combined Science(A); Heritage Studies(A); Shona Language(A); History(A); Economics(A); Principles of Accounting(A); Statistics(A); Agriculture(B); Biology(B)

Certifications

Introduction to Data Engineering and Big Data   01/2024 - 12/2024
GUVI Geek Networks

Certificate of Completion

Information and Communication Technology Fundamentals   01/2017 - 10/2017
HEXCO

Passed with Distinction

Computer Operations and Packages   01/2017 - 10/2018
HEXCO

Passed with Distinction

Skills

• Proficient in Java and ReactJS for developing robust backend services and dynamic user interfaces.
• Strong problem-solving and analytical skills applicable to both technical challenges and business processes.
• Excellent communication and collaboration abilities for working effectively with cross-functional teams.
• Adaptable and quick to learn new tools, frameworks, or systems in fast-paced environments.
• Experienced in troubleshooting and resolving issues under pressure, whether in code or operational workflows.
• Detail-oriented with a focus on writing clean, maintainable code and producing high-quality deliverables.
• Capable of managing multiple tasks and priorities efficiently while maintaining strong organizational discipline.

Interest

-Sports
-Graphic Designing
-Reading tech related blogs ,books or news articles to stay informed about the latest developments in the industry
